

Barrel Cover

simple and safe solution to fix barrels on a pallet

These special developed Barrel Covers are the solution for all companies spending additional cost and valuable time on protection of barrels on pallets or trucks before transportation. We have designed the barrel covers to substitute expensive wooden crates and wooden plates. Protecting and securing with stretch film or shrink foil hood is not necessary anymore.

- The alternative to stretch- or shrink foil
- Ready-made belt system = time/cost reduction
- The fast and inexpensive solution for barrel securing on pallets
- Reusable system. No waste of material
- Available with ratchet tension system

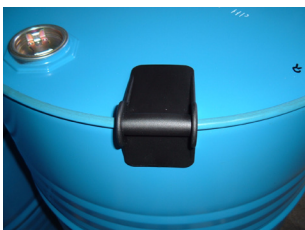

Item No	Item	Type	Tension-System	Belt
8260701	FH 1	for 1 barrel	one way wire buckle	19mm 750daN
8260702	FH 2	for 2 barrel	one way wire buckle	19mm 750daN
8260703	FH 3	for 3 barrel	one way wire buckle	19mm 750daN
8260704	FH 4	for 4 barrel	one way wire buckle	19mm 750daN
8260801	FH 1R	for 1 barrel	re-usable ratchet	19mm 750daN
8260802	FH 2R	for 2 barrel	re-usable ratchet	19mm 750daN
8260803	FH 3R	for 3 barrel	re-usable ratchet	19mm 750daN
8260804	FH 4R	for 4 barrel	re-usable ratchet	19mm 750daN

Drum Brackets

to fix the strap position on slippery barrel edges

Suitable drum brackets to keep the strapping belts in place and avoid sideways slipping. Our strapping belts and lashes are suitable for all proposed drum brackets. To secure barrels on pallets, we highly recommend our drum brackets.

- quick and easy to handle
- re-tensionable system
- Weatherproof (UV radiation)
- permanently resilient
- available in different sizes
