

F4

1500kg

Revolutionary

Pallet Truck

EP
Let's grow together

- All rounder for diverse applications
- Reduce operator effort and increase efficiency
- Small size (l2=400mm) and reduced weight (120kg)
- Up to 2 x 24V - 20Ah removable Li-ion batteries
- Removable storage compartment
- Available in different forks length and width

Manufacturer			EP
Model designation			F4
Drive			Electric
Load capacity	Q	kg	1500
Load center distance	c	mm	600
Service weight			kg
Length to face of forks	l2	mm	400
Overall width	b1/b2	mm	590/695
Fork dimensions	s/e/l	mm	55/150/1150
Turning radius	Wa	mm	1360
Max. gradeability, laden/unladen			%
Battery voltage/nominal capacity			V/Ah
			24/20

F4 -- All-rounder for diverse applications

F4 brings maximum flexibility in configurations for every application, from occasional to intensive usage, from standard to big loads. Featuring a two power slot design, F4 offers the option of two 24V/20Ah batteries to maximize uptime for full-time applications. The standard single-battery setting comes with a portable storage container to keep everything easily accessible on the go. Another option is the stabilizing wheels that allow to handle big loads while reducing the risk of falls and damages on uneven floors. Both options can be offered directly from the factory or as retrofit. Its versatility makes F4 an all-rounder, perfect for diverse tasks in the most cost effective way.

Stabilizing wheel option

Why F Series ?

■ Platform-based design to maximise competitive advantage in the market

F series features the platform F, which simplifies the configuration of the truck and allows buyers to choose from 4 different chassis by application. The product design provides value and creates a flexible product strategy by introducing new equipment that meets various market requirements.

■ Cost-saving operations throughout the distribution cycle

4 units per box as standard wholesale supply reduces overall spending through the entire distribution process. F4 accommodates **176 units** in a 40' shipping container compared to 108 units of EPT12-EZ, that can reach as high as **30-40%** of ocean freight charges reduction.

Li-Ion Pallet Truck 1.5T F4

Distinguishing mark	1.1	Manufacturer			EP
